

# URGENT & IMPORTANT

17 November 2007

Dear Chaveroth,

The drought is causing extreme hardship to farmers, their families and rural communities. Many families have very little income and once food, and other essentials have been paid not much is left for women's needs.

WIZO Victoria would like to do something practical in support of women in the country. We would like to join The Country Women's Association of Victoria in donating *Pamper Packs* of toiletries to women in the Wimmera and Mallee, areas badly affected by the drought.

We hope our donations will make other women's lives a little easier and will let them know that a group of Jewish women care about their welfare and the future of their families. A card expressing our concern and information about WIZO will be sent with each bag.

We invite you dear member, to participate in this project. You will need to place the items you are donating into a toiletry or a similar bag. If possible select a mix of items that are essentials and others that you think will pamper women coping with great difficulties.

Here are suggestions of the sort of items you could donate:

Toothpaste	Tissues	Moisturizer	Nail polish
Make up	Conditioner	Sunscreen	Hand cream
Deodorant	Shampoo	Soap	Cotton wool

The Country Women's Association of Victoria will distribute our Pamper Packs at the end of November. Please deliver your donation to the WIZO office no later than 16 November.

The office hours are Monday to Thursday 9am- 5pm. Should you require further information, please contact me on Mobile 0422 261 356 Home 9578 5936

Thanking you in advance for being a part of this project, I remain,

Warm wishes,

**NINA RICHWOL,**  
Co-Chairperson - Public Affairs
